THE **BAHAMAS** SHIRT

Introducing the Bahamas Shirt - the newest addition to resort wear.

Inspired by the iconic Cuban Guayabera Shirt and the laid-back Hawaiian Aloha Shirt, this shirt combines classic island style with a distinctly Bahamian flair. With its resort collar, traditional pocket, and pleats as a nod to its origins, this shirt is a classic that will never go out of style. Whether you're lounging on the beach or enjoying a night out in the town. The functional linen fabric and authentic all over print with certified shell buttons, makes the Bahamas Shirt perfect for a timeless, yet contemporary look.

The Original Bahamas Shirt comes in an all-over print edition, featuring a variety of classic Bahamian symbols such as the blue marlin, flamingo, elder flower, lignum vitae, the island's outline, and of course, the queen conch.

ICONIC PRINTS

If you're looking for a way to incorporate the spirit of the Bahamas into your wardrobe, our LACONCH all over print fabric is the perfect choice.

That's why we've created an artwork featuring the national symbols of the Bahamas. From the flamingo to the blue marlin, our print celebrates the unique and vibrant spirit of these islands, creating a truly iconic look on three of our fabrics.

PRINTING ICONS

We are always looking for new and innovative ways to incorporate the beauty of the Bahamas into our designs.

That's why we even developed a special petrol print color - a stunning shade that represents the beauty of the water and has a soothing, calming effect.

We're proud to celebrate the national symbols of the Bahamas through our iconic all-over print fabric. You'll be making a bold statement about your love for the Bahamas.

LINEN

CAPSULE

We're committed to using only the highest-quality, most sustainable fabrics in our clothing.

That's why we've chosen to use linen - a natural fabric that's not only lightweight and durable but also environmentally friendly. With its breathability, dirt-repelling qualities, and antibacterial properties, linen is the perfect choice for anyone who wants to stay comfortable and stylish in the Caribbean climate.

GRAND BAHAMA

JACKET

The Grand Bahama Jacket draws inspiration from the traditional Norfolk jacket, which is a classic hunting jacket that was popular in the late 19th and early 20th centuries for its distinctive features, including a belted back and box pleats. We redesigned it for hunting today's adventures.

The sleeves may be rolled up twice for some true MIAMI VICE!.

When combined with the smart Grand Bahama Gurkha pants, the Grand Bahama jacket creates a complete suit that's perfect for any safari adventure, whether on land or ocean.

EXUMA SHIRT

The Exuma shirt's design and construction make it a versatile piece that can be dressed up or down depending on the occasion. When worn untucked, it has a relaxed and casual feel that is perfect for creating a stylish and comfortable look.

And with the option to close the cuffs with either the shell buttons or personal cuff links, you can customize the look and feel of the shirt to suit your individual style.

The natural white color is a classic and timeless option that is perfect for a range of occasions, while the indigo color offers a more unique and eye-catching look.

GRAND BAHAMA **PANTS**

The Exuma dress shirt tucked in with the Grand Bahama Gurkha pants showcases the shirt's versatility and ability to create a polished and put-together look.

Not only does the Gurkha closure add a stylish touch to the Grand Bahama pants, but it also helps to ensure a comfortable and secure fit. The double-wrap belt provides additional support and helps to keep the pants in place, while the adjustable waistband ensures a customized fit.

ANDROS

HENLEY SHIRT

The wide-cut long sleeve Andros shirt takes its inspiration from the traditional rowing shirts worn by British rowers in the 19th century, particularly those who competed in the famous Henley Royal Regatta. The wide-cut long sleeve shirt is a modern interpretation of this classic design, incorporating the traditional elements of the rowing shirt with a contemporary fit and style. It is designed to be comfortable and practical, with a loose fit and long sleeves that allow for ease of movement and maximum comfort. The Andros Shirt is the perfect piece to throw on after a swim for a leisurely walk on the beach or to row away.
